Crossroads 1996

NJIT and the

Newark is a

City around us.

college town.

Inside NJIT

Crossroad: a crucial point in time when a decision must be made.

College life at NJIT is a constant challenge. Whether it is deciding on what you major will be or which clubs and organizations you'll be a part of. A glimpse of the many crossroads ahead.

Student Life at

A student's experience of NJIT is made up of the decisions they make during their time here. Whether selecting what classes to take next semester, finding an on-campus job, or joining an organization, they control what their future will hold for them. These are just a few of the *Crossroads* that are found within NJIT.

Miniversity

The Miniversity team followed their theme to a T this year, "Tools to Climb." Before the Class of 1999 attended their first day of the event packed orientation, the NJIT community was preparing for their arrival. The summer long orientation ends on Moving In Day with outrageous games and laughter filled air. The freshmen and group leaders alike anxiously awaited the beginning of the new semester.

Tools to Climb

NJIT's Favorites

This year NJIT students had quite a number of trips to participate in. There were ski trips to Lake Placid, New York; Steamboat, Colorado; and Killington, Vermont. The Lake Placid trip was run by SAC, and as usual it was sold out. Senior Class ran the ski trip to Killington which also had no room for late comers. However the big January ski outing this year was hitting the slopes of Steamboat, Colorado. Everyone who went were happy because they could sloam down sunny slopes, rather than shovel out from the '96 record breaking Blizzard. The skiing was intense and the scenary was beautiful.

e Places To Go

SAC Programmi

The Student Activities Council, better known as SAC is a major provider of much of the entertainment for the NJIT community. In other words, SAC is dependable for raising the students' college spirit.

This year they brought magicians, tattoo artists, air brush designers, caricature artists, bands, DJ's and a host of other entertainers to keep the high energy of NJIT rolling.

Happy Halloween

Halloween this year was a success at NJIT. A lot of students and faculty were showing their love for the haunting holiday custom by going all out. The Hazell Center hosted a palm reader to tell the students of their future, and brought in novelty items to be sold, such as witches cookbooks and incense burners. Later on that evening, the Pub was the site for the Halloween party, with the 'Sixties' theme.

Hazell Center

When you are at NJIT the place to go to relax, meet others, and get some work done is the Hazell Center. The Hazell Center has two lounges where one can catch up on some studying or on much needed zzzzzzzzzzs

This being the center of all student activities, allows students to see cultural events, support their favorite organization's fund-raisers, or see what the clubs are all about and make new friends. There is also the gameroom, cafeteria, and Pub, where students can just get together and have fun.

However, when work needs to be done, the Hazell Center provides it all. The bookstore and registrar's office are right here to help students get what they need for classes. There are study rooms on the third floor to give groups a place to study and meet. And now that the Women's Center has been completed, students have access to additional resources.

On-Campus Activ

NJIT's campus life is never dull. There always seems to be something to do when you are on campus. There are dozens of organizations and clubs sponsoring events such as car smashes, BBQ's, and Volleyball tournaments. This campus is host to many cultural events, professional advancement opportunities, international holiday celebrations, and a variety of other events created to entertain NJIT's student body.

ities

Pub Nites

Pub Nites have become a traditional event at the NJIT Pub. Events such as comedy shows, Monday night football, Senior Night, bands, DJ's, and novelty entertainment. All of these set the right mood for an enthusiastic college crowd. They all have a common theme...that is Thursday Night at the Pub. A way to kick back, unwind and have fun with friends. The Pub nites are a chance to forget about the pressures of tomorrow, or next week's exams. The Pub provides a relaxed atmosphere for any NJIT student, any time of day or night.

Cultural Heritage

Diversity among the students and faculty is one of New Jersey Institute of Technology's major assets. It ranks 3rd in the nation for its Mosaic style from Asian to African cultures.

Different ethnic organizations year after year present a variety of cultural events such as Hispanic Heritage and African History Months. The students experience an assortment of ethnic foods, ceremonies and dances from the Holi Show to Chinese New Year. The goal is to share each background, so as to learn from all cultures to better understand each other.

January Comm

The January Commencement Exercises conferred the degrees of students who finished the requirements towards their major in either October or December of 1995. The ceremony is traditionally unique because it is held on the NJIT campus. In one breath, a new class of NJIT alumni are created from former students. For most, graduation foreshadows a new job or a continuation of their higher education. A number of students even return to NJIT for a continued education in a Masters program or even a PhD.

encement

College Friends

As we finish our college life, many of us remember the good times and bad times here at NJIT. Whether it was your family, a friend, a fraternity brother, or your roommate - there was always someone looking out for you. College friends are not just passing through these few years of your life, but are there for a lifetime friendship that just began at NJIT, when our lives **CROSSED ROAD** with one another.

Women's Center

The Constance A. Murray Women's Center is designed to meet the needs of women students, faculty, and staff at a technological university. It provides a forum for women to discuss matters of mutual interest and concern..anything and everything that affects the academic and social environment at NJIT.

Designed by Barbara Vincentsen, '81, a Summa Cum Laude graduate of NJIT's School of Architecture, the Murray Women's Center offers attractive and comfortable space for study, small group meetings, research, or informal chat and relaxation. It contains a print and multimedia library and internet linked computer workstations, providing access to a rich database of information about gender and technology.

The Murray Women's Center sponsors a set of programs whose purpose is to increase the visibility of women and their achievements in technology and to facilitate mentoring and career-networking...linking women students with successful women in business and industry. The Murray Women's Center supports research about women and technology and encourages the continued integration of gender and diversity into the curriculum.

Residence Life

Deciding between living on campus or commuting to school is one of the first major decisions that need to be made when entering college life. The dorms provide a place for students to learn to live and deal with other people besides their family. Dorm life is fun especially for freshmen, however the next task is to learn how to have fun while keeping up with classes. The office of Residence Life provides different resources to help students learn to manage their new found freedom and flexible schedule. Also, the Resident Assistants in all the residence halls are always there to help any student in need.

Spring Week

Spring Week at NJIT is a time where all the students start making their appearance on campus. With the new sand volleyball court built on the green, this year many more students were out and having fun. Spring Week is also a time of great activity on this campus. The many different clubs and organizations sponsor events every day of Spring Week. A Carnival is brought on campus to brighten the mood of every one. The week is the last opportunity for many students to let off some steam and stress because architecture crits and finals are lurking just around the corner.

Common Hour -

What to Do? Common Hours are those anticipated hours of free time in our weekly schedule - allowing us to attend clubs meeting, get free food, hang out on the green, meet with our lab group, study for your quiz, or just relax with your friends while planning what to do later in the evening. And the short amount of time flies by....

What to Do?

Greek Life at NJIT

Greek life at NJIT, there is nothing like it. Being a part of the Greek system, one gains an appreciation of how much work it takes to keep it all together. Countless decisions need to be made in order to insure the future existence of one's Fraternity or Sorority. Yet, once you become a part of a greek family, you are forever a member of that family and its history. Your greek family will be here at NJIT as a lasting reminder of your college years. And the possibility of going back to visit your NJIT and that extending greek families.

Spring Semi

- Formal

Spring Semi-Formal

On April 19, 1996, the NJIT Senior class held it's Annual Spring Semi-Formal at The Bethwood in Totowa. The 1996 Semi-Formal theme "An Enchanted Night" was represented by ornate centerpieces, music, international coffee, an ice sculpture of Eberhardt Hall, a buffet and the extravagant meal of the night. The night ended, but memories will forever be remember

A Senior's Life

When you have been at NJIT for four or more years, the best thing to be is a Senior on the verge of graduating. The feeling is, "it's almost over," but in reality its just starting. Life really throws you curve balls now, and you need to decide what you going to do and where are you going to step off to go now.

Soon graduation will be here and most seniors with some luck will already know about their new job, mortgage, marriage, relocation, new car. However, leaving NJIT will not be that easy, friends are left behind and the good time of being a student become a memory. NJIT has been our home for 4 or more years, so it will be missed.

Spring Commencement

The culmination of many years of hardwork ended on May 17, 1996. Graduation was set at the Garden State Art Center in Holmdel.

The time has come to face reality and leave the sheltered world of NJIT. You have taken your last finals, picked up your cap and gown, past your senior project and now are crossing the road to paid employment.

As you look back it is time to move on, but your four or five years at NJIT will always be memorable as you become a productive member of society.

ement

Spring

Commencement

Administration

Crossroads in the administration sets up goals and agendas where students, faculty and staff are challenged to a new turning point at NJIT.

Dr. Saul K. Fenster

President

I salute the members of the Class of 1997. Your outstanding accomplishments represent an important chapter in the history of NJIT. I hope this publication will help you remember the challenges you overcame and the goals you achieved during your student days.

The theme of your Yearbook, "Crossroads", is a rich personal metaphor, conjuring up the image of arrival at a turning point. It aptly describes this moment in your life, as you complete an important phase of your education, as you formulate a new set of expectations, and as you prepare to make crucial decisions about your future.

The crossroads metaphor also applies to the life of the university. It too faces crucial decision about the future every time it complete another phase of its development. It too sets goals and makes plans after assessing the potential risks and rewards present within the environmental context of contemporary affairs. And it too formulates a new set of expectations every time it realizes a set of goals. Every year brings NJIT to a new crossroads.

Much has happened while you were here. You have grown in knowledge, experience, and skill. Your university has grown in size, quality, and recognition. Thus, we have reached the next crossroads. Which road will we follow now?

I have every expectation that we will continue to march toward the leadership among the nation's research universities. We will operate at boundaries of change, developing new programs and modes of delivery to meet the new needs, always emphasizing the design, development, management, interpretation, and application of sustainable technology for the benefit of society.

NJIT will be an "entrepreneurial university." We will become more self-reliant, and we will seek out partnership with business and industry, other research universities, and government agencies. We will focus on the needs of the marketplace and become even more responsive to the imperatives of the global economy. Our role in stimulating job creation and economic development will grow, and our graduates will assume positions of leadership as professionals and entrepreneurs.

Our campus community will reflect the complexity of a pluralistic society. The diverse composition of NJIT's student body, faculty, and staff will enrich and enhance the educational and cultural dimensions of the entire learning experience. We will reach new levels of participation by women among the ranks of our employees and students.

We will make NJIT's campus more ample and more beautiful. We will have a new residence hall, new student services facilities, new classrooms and laboratories. We will have more lawns, more trees, and more flowers.

NJIT will even be more an institution of choice for prospective students and faculty. We are determined to make our academic and student life programs so stimulating and our campus so attractive that alumni will look back upon their student experience with affection and gratitude.

Finally, it will be our philosophy to view excellence as a process, not a state of being. Therefore, we will always continue to engage in critical self-examination. We will always seek improvement and embrace opportunities to re-create NJIT as a forward-looking institution.

Just as the university continues to change, so will you. I take great personal satisfaction in knowing that the women and men who succeed at NJIT are ready to take on the challenges of life. As you and your university approach and navigate the crossroads of the future, I hope you will maintain your association with NJIT and continue to participate actively as members of the larger NJIT community. Congratulations and best wishes.

CHIEF ACADEMIC OFFICERS

Taking a Unique Approach

NJIT's Chief Academic Officers undertake the responsibility to develop areas of academic affairs, development, budget, and finance. Through their efforts NJIT has prospered to its current standing, and promises to continue to grow in the future.

A few of their combined responsibilities include campus growth, resource allocation, academic planning, research, Dean of Students, Admissions, Registrar, Financial Aid, Computer Services, and Continuing Education.

Dr. Gary Thomas

Provost & Chief Academic Officer

Dr. Joel Bloom

Vice President
for Academic Affairs

Henry Mauermeyer

Vice President
for Budget & Finance

Patricia Ondrick

Vice President
for University Advancement

DEAN OF STUDENTS

Carving A Path

The Dean of Students is a vital part of NJIT life. From miniversity to commencement, the deans guide and support the students in their collegiate endeavour. DOS is a significant part of every scholar's achievement of receiving a diploma from this distinguished university.

The Dean of Students office contributes to the students in many ways. From overseeing the Counseling Center and Residence Life, to supporting and encouraging student activities. The deans are personally involved in many university activities, and are constantly protecting the rights of the student body.

Organizations of NJIT

NJIT's multitude of organizations help the NJIT community become rich and diverse. They also provide a place for NJIT's students to learn how to become leaders and organizers.

Deciding which ones to be a part of is a hard decision, when so many of them contribute a great deal to the campus life.

Student Senate

Elected annually, the Student Senate acts as the governing body which provides student representation in areas of academic affairs, student activities, as well as an arena for students concerns and issues. The main objective is to bridge the gap between the faculty, and administration and the student body to improve college life, while addressing the need of all students.

Graduate Student Association

The Graduate Student Association (GSA), purpose is to provide a structure through which graduate students work together to improve the quality of graduate student life. GSA represents the interests of the graduate students. It also promotes and encourages professional, social, and cultural developments and academic excellence. This is done by helping graduate student clubs getting started, sponsoring pub nites, ski trips, coffee hours, technical writing courses, and GSA day for students to become familiar with this association.

Student Activities Council

The Student Activities Council, best known as SAC, host most of the extracurricular activities on and off the NJIT campus. From weekly movies, trips to Lake Placid, Spring Break, Hypnotists, Comedians, Bands, Pub Nites, Halloween Madness and Newly Coupled Games, SAC keep the calendar full of events for students to enjoy. Since it's creation in 1966, SAC has played a part in every student life at NJIT.

The Vector

NJIT Newspaper, The Vector, With Magnitude and Direction... Since 1924," continued their weekly tradition of bringing NJIT students, faculty, staff and administration the latest news and hot issues effecting the community. Between the sheets of the Vector was Tech Style: Music Review, Tech Movie, Tech News and Caricatures such as Mutaneers and the Phantom, Editorials, Letters to the Editor, Minutes of Insight, Campus Opinion, and Highlander Sport and many others sections keep students informed.

WJTB

WJTB has a wide range of programming to fit a variety of taste and styles. The school's radio station does not just broadcast over the air waves, but provides live music at many club events. Despite the setbacks WJTB was very visible over the past year, setting up in the Hazell Center, the Green, or anywhere they could get an audience. WJTB, a student run organization, broadcasts to the Hazell Center, the Cafeteria, and you could try to hear them in the dorms. While participating in many campus activities, WJTB keeps us awake and kicking for another school day at NJIT.

Endurance of Gro

This year Greeks signed the relationship statement with the university, raised money for charitable causes, attended to their studies and squeezed in as much fun as possible. At this CROSSROAD in the greek life system, it looks as if it will endure, thanks to much hard work by all greek men and women.

Week Life

Alpha Sigma Tau

Alpha Sigma Tau strives to promote scholarship, philanthropy and tradition while also providing its members with a break from the rigors of the tough NJIT academic curriculum. Numerous activities are planned each semester to strengthen the sisterhood. However, this does not restrict sisters from taking an active interest in campus life. The sisters of Alpha Sigma Tau can be found on the student government, athletic teams, numerous professional societies and recreational clubs. AST prides itself on its diversity and looks forward to the ideas that new sisters will bring with them. This year, the Beta Upsilon chapter celebrated the national 95th anniversary of their Founders' Day and moving into their new house on M.L. King Boulevard.

Alpha Sigma Phi

The Alpha Rho chapter of Alpha Sigma Phi has a lengthy but unusual history at NJIT that began in 1907 and came to a rest with a recharter in 1982. The brothers recently bought a house on M.L. King Boulevard and are now renovating it, to make it a place brothers will always want to come back to visit. Alpha Sigma Phi has co-sponsored the 24 hour See-Saw Marathon with the women of Alpha Sigma Tau for over twelve years. The brothers of Alpha Sigma Phi strongly believe in anti-hazing pledging and high academic standards for all brothers.

Alpha Phi Delta

The Beta Xi chapter of the Alpha Phi Delta Fraternity was founded at Newark College of Engineering on March 29, 1952. The national chapter was founded at Syracuse University, in upstate New York on November 5, 1914. Some of the special events on the APD calender include their National Convention, Christmas Dance and Spring Dance. The Brothers are also active in Greek Week and other on campus events. The Brothers of Alpha Phi Delta stand by their beliefs of brotherhood, love and justice.

Delta Phi Epsilon

Founded in 1992, the Beta Eta chapter of the Delta Phi Epsilon Sorority follows the ideas and beliefs of our founding sisters of the Sigma Delta Epsilon local sorority. The sisters demonstrate leadership and can be found in many organizations, clubs and sports teams on the NJIT campus. The sorority has participated in community services events such as Newark Clean Up Program, painting a Day Care Center, visiting the children's ward at St. Micheal's and fundraising for Cystic Fibrosis, ANAD and Babyland. Since founding the chapter, the sisters continue to believe in our motto -Esse Quam Videri, "To be rather than seem to be".

Theta Chi

Theta Chi was founded on April 10, 1856 at Norwich University and has the distinction of being one of the largest fraternities in the United States with chapters from coast to coast. The Epsilon Psi chapter joined the national organization on December 8, 1963. Theta Chi currently resides in a renovated Newark firehouse. This fraternity is civic minded having close relations with the James Street Association and the Newman Center. The brothers are committed to their motto of 'Lending a helping hand'.

Iota Kappa Phi

The local fraternity of Iota Kappa Phi was founded in 1961. The brothers are known for their popular sand wallyball court and Tuesday night events. The brothers enjoy spending their free time on the Green with their dog Cody and ending the year with a canoe trip with Kappa Xi Kappa. The brothers also give back to the community by sponsoring a canned food drive, among other charitable deeds. Iota Kaps base their ideals on loyalty and brotherhood.

Kappa Xi Kappa

The local fraternity of Kappa Xi Kappa took shape in December of 1964. The fraternity has experienced several geographical moves before moving into their Sussex Ave home, which celebrated its' Burn the mortgage party a few years ago. Kappa Xi hosts many social events such as a beach party, rules party, and a hayride. The brothers are also involved with their alumni, and hold annual athletic events with them. The fraternity is active on block clean up days and volunteering at a local hospital pediatric ward during the holidays. Kappa Xi Kappa still stands for the same ideals the fraternity was established on.

Kappa Psi Epsilon

The local sorority of Kappa Psi Epsilon was founded in 1982 at Rutgers Newark. In 1995 Kappa Psi Epsilon officially became a member of NJIT's IFSC, and is an active member of the NJIT Greek community. The sisters has helped at local Newark homeless shelter, and it is currently in the Newark adopt-a-street program. The sisters of Kappa Psi Epsilon participates in sports, performing arts, academic clubs, and community service.

Pi Kappa Phi

Pi Kappa Phi national fraternity was founded in Charleston, South Carolina on December 10, 1904. The Beta Alpha chapter was chartered on this campus on May 29, 1948. Many Pi Kap brothers can be found on campus from the gameroom playing dominoes, to the weight room working out or in the radio studio mixing music. Semesterly Pi Kappa Phi sponsors a PUSH-A-Thon which has funded People Understanding the Severely Handicapped since 1977. The national fraternity is the only organization to donate over one million dollars to a single charity. This year also marked the sad passing of brother Jose Berenguer, who was ill for a number of years.

Sigma Pi

Sigma Pi's national fraternity has been established since November 26, 1897. The Alpha Mu chapter was founded at NJIT in 1927. Sig Pi's are actively involved in many clubs and intramural sports. The brothers have also given many hours to philanthropic projects such as the MS Walk-A-Thon and Habitat for Humanity, which builds homes for those individuals and families who have nowhere to live. The university can always count on Sigma Pi for their support to help the community.

Sigma Psi Kappa

Sigma Psi Kappa is a local sorority that was founded in 1992. Despite the small amount of sisters, Sigma Psi Kappa has sponsored many NJIT Blood Drives and participated in Greek Week. The sisters have also volunteered with Helping Hands Group of Essex County. In addition, the sisters of Sigma Psi Kappa are active at NJIT in areas such as Student Senate, Resident Assistants in the dorms, varsity tennis and cultural organizations. Sigma Psi Kappa advocates their involvement by firmly believing in leadership, friendship and sisterhood.

Tau Delta Phi

Tau Delta Phi fraternity was founded as three simultaneous chapters in New York. It expanded to Newark College of Engineering in 1949 and moved into its present home in 1962. The brothers participate in many IFSC sports such as football, basketball and volleyball. The brothers have also participated in the Newark Beautification Program. Tau Delta has been involved in planted seedlings along MLKing Blvd. Their social calendar includes the annual Pyramid Ball and Hawaiian Luau Party. Tau Delta brothers believe in their motto - eternal brotherhood.

Molon
Phi

Tau Epsilon Phi

Tau Epsilon Phi was founded by ten Columbia University students on October 10, 1910. The Tau Psi chapter was founded on September 25, 1947 after being a local fraternity, Phi Delta Mu. TEP is active in various departments on campus and in IFSC sports. They are always involved in community service projects. In addition to block clean ups, the brothers participate in the AIDS Walk-A-Thon and Adopt-A-Highway on Route 21. The beliefs that all the brothers share are founded on the meaning of this fraternity's brotherhood.

Tau Kappa Epsilon

On January 10, 1899, a group of men from Illinois Wesleyan University met to form a society whose purpose was "to aid college men in mental, moral and social development". The Kappa Eta chapter has deep friendship, among a group of men who have similar ideals, hopes and purposes. Nationally, TKE has over 322 chapters and over 182,000 initiates. The mascot of the NJIT chapter is ZEKE the TEKE. Tau Kappa Epsilon holds individual character development as a paramount objective. TEKES can be found in every major from architecture to chemical engineering. The brothers involvement in many NJIT clubs and in service to the community strenghtens their brotherhood.

Psi Upsilon

Psi Upsilon Fraternity was founded on November 24, 1833, at Union College in Schenectady, New York. It is the fourth oldest fraternity in the nation, and is a member of the legendary Historical Triad. Psi Upsilon has 42 chapters across the nation, including three in Canada. On April 10, 1989, Eta Lambda Fraternity was founded at NJIT. This group of men existed as a local fraternity until October 1995, when they chose to join Psi Epsilon. Since then they have dedicated themselves to becoming strong and active members of the Greek Community at NJIT.

Greek God

And the winner isthe third annual Greek God contest. Alpha Sigma Tau and Delta Phi Epsilon sororities co-sponsored this popular event where fraternity men compete in casual clothing, swimsuit, talent and a personal interview contest. Some talents included dancing, dancing and more dancing. The audience and participants all had a good time, knowing the money raised went to the Babies with AIDS charity.

Greek Week

Greek Week allows all greek organizations to participate in various games, sports and activities in a friendly, competitive atmosphere. The week began with a barbeque and an appearance by the newly crowned greek god. The busy week included crest drawing, twister, a blood drive, stretcher race, chariot race, spoon race, basketball, water polo, eating contest, sack race, egg toss, tricycle race, darts, 8-ball tournament, barrel toss, toilet paper roll, hoola hoop, izzy dizzy, talent show, arm wrestling and all out drag out tug of war.

Greek Pride

Sports At

NJIT

Being a part of an athletics team at NJIT is a big decision. Students balance practices with a social life and study time. All of the distractions make it harder for the athlete to give it their all when competing. But our teams are strong in their divisions because of the intense commitment of these dedicated athletes.

Men's Soccer

The NJIT Men's Soccer team had a 7-11-2 record this season. Even though they had a losing record, the team had an excellent year in the Intercollegiate Conference, finishing 3-1-1. They also left their mark in the Skyline Conference with a record of 2-2-1.

NJIT relied on returning four year players Jeff Shepard and Rick Ybarra to lead this year's team. Goalie Jeff Shepard received All- IAC Honors this year, along with Junior Gerald Dorcely and Sophomore Paulo Dantas.

Other highlights of this year's Soccer team are Jeff Shepard received IAC player of the week for 37 saves in two games and named MVP for this season; Gerald Dorcely received Skyline Conference player of the week for two goals against Mt. St. Vincent; Paulo Dantas was named to the All-Skyline Conference 2nd team; and James Talerico was nominated twice for Skyline Conference player of the week.

Coach Daniel Kilday will rely on returning athletes, Gerald Dorcely, Luis Melo, and Sean McClellan to lead next year's team to victory.

Men's Basketball

The NJIT Men's Basketball team finished their season with an 18-10 winning record. They also appeared in the NCAA Tournament for a fourth year in a row, with a #5 seed in the Atlantic Region. The Highlanders, for a sixth year in a row won the Independent Athletic Conference Championship by defeating Mt. St. Vincent, #8 seed in the Atlantic region.

Senior Clarence Pierce, captain of the Highlanders, was named Atlantic Region, Skyline Conference, and IAC Player of the Year. He earned these honor and others with his 22.5 points, 10.5 rebounds, 5.9 assists, and 4.5 steals per game. He also broke Chris Miles record of career points with a total of 2028. Junior Akida Ellerbee was named to the Skyline and IAC Conference 1st team and finished 27th in the nation in field goal percentage. Sophomore Brian Ubinski recorded his career high of 18 points in a game against Mt. St. Vincent.

Not only did the players receive a great number of awards, so did the coaches. Head Coach James Catalano was named IAC Coach of the year by the New Jersey Coaches Association.

Women's Basketball

First year coach Maureen O'Neal led the NJIT Women's Basketball team to its best season in nine years. Finishing this year with a 16-5 winning record, taking the Independent Athletic Conference Championship Tournament over Mt. St. Vincent, and finishing 2nd in the Women's Intercollegiate Conference, showed the power behind the Highlanders on the court.

There are many good players on this year's team but four ladies deserve special mention. Senior Nevea Van Wright, MVP of this year's team had an impressive 12.7 points per game, was selected to the WIAC 1st team and the IAC all tournament first team. Nevea ends her career with 1330 points, making her the first woman to score over 1000 points and first on NJIT's all time career points. Senior Kristie Simpson averaged 12.8 points per game and led the team with a field goal percentage of 51.7%. Kristie was selected to the WIAC 2nd team, IAC all tournament 2nd team, and made the ECAC Metro NY/NJ honor role for her triple double. Freshman Tamika Fogg averaged 11.6 points per game was selected to the IAC all tournament 1st team, and name IAC tournament MVP. Last but definitely not least, Senior Wendy Gruenewald. Wendy averaged 12.9 points and 11.0 rebounds per game, has over 1000 points and 1000 rebounds making her the only NJIT woman athlete to ever do so. Wendy was selected to the NJCCA Independent Division 1st team, WIAC 1st team, and IAC all tournament 1st team. She was also named NJAIA's Woman Athlete of the Year, and NJIT's NCAA's Woman of the Year.

Men's Volleyball

This year's Volleyball team was lead by veratrine coach David DeNure. NJIT's team ended their season placing 4th in the nation with a .312 hitting percentage. They also won the IAC Championship for a 5th year, and ranked 6th in the final Division III national rankings.

Junior Co-captain Jon Bednasz finished the season placing 2nd in the nation with 14.50 assists per game. Freshmen Harold Nazaire finished 4th in the nation with 5.41 kills per game.

Receiving the most honors for this years team was Wycliffe Gordon. Gordon was selected to the Division III All-East 2nd team. He finished the season placing 2nd in blocks per game, 1.66, and 4th in hitting percentage with .411. Gordon was also selected Volleyball Magazine first team All American for Small Schools.

Women's Volleyball

Tying its longest streak in the program's history with 4 match wins the NJIT Women's Volleyball team ended their season with 8-19 record. The highlight of the season was a 3rd place finish in the WIAC Tournament with victories over Stevens, St. Elizabeth's, and Centenary.

Sandra Caceras with her four years experience lead the team this season. Helping Sandra guide the team were Junior Lenny Jimenez, and Wendy Gruenewald, both selected to the IAC second team. Lenny Jimenez lead the team with 1.34 kills per game followed by Wendy Gruenewald with 1.30 kills per game. Also Carmen Pichardo led the team with 35 serving aces.

Fencing

The Highlanders had a rough season this year finishing with a 5-10 record. Lead by second year head coach Craig "Butch" Garretson, the team placed 3rd in the Independent Athletic Conference and due to an unfortunate accident never made it to the Mid-Atlantic Collegiate Fencing Association Championship.

Team captain and senior Geovani Morales ended his career at NJIT with an 8-1 record in the IAC, which got him selected to the IAC all conference 1st team for a second year in a row. Graduate student Edwin Herrera, also named to the IAC all conference 1st team with a 6-3 record, lead the team in wins, finishing with a 31-13 record. Both of these students will not be returning and will be missed.

However, returning next year are junior Richard Kulesa, leading the Epee squad with 18 wins, and sophomore Wellington Lim with 11 wins. These two will lead next years team to a potential 1st in the IAC.

Women's Swimming

NJIT is proud to have the Women's Swimming Team complete their first season in NJIT's history. Lead by team captain Junior Anna Kasko the team won various awards at the Women's Metropolitan Swimming Championship.

The 200 medley relay team, sophomores Rebecca Jansson, Josie Millan, junior Anna Kasko, and senior Jennifer Stellenberg, placed 5th with a time of 2:30.18. Anna Kasko took 5th place in the 100 butterfly with a time of 1:24.42. Also placing at the event was the freestyle relay team, freshmen Nicole Harasts, Anna Kasko, Rebecca Jansson, and Jennifer Stellenberg, placed 6th with the time of 2:09.79. The NJIT team's overall standing at the end of the day was 6th place, a good beginning for a young team.

Women's Softball

This year's Women's Softball team was led by first year coach and NJIT graduate Dana Michael and assisted by Craig "Butch" Garretson and Dee Dee Prickett. The lady Highlanders had some home games this year, NJIT built the Softball team and Baseball team a Diamond to be proud of. The team had a tough season because of the youth of the team by it had a couple of veratrine players to lead the way. Seniors Christine Lemongello and Amy Maglori, with their four years on the team gave them the leadership needed. Coach Dana Michael has 12 returning players for next year which will make the team a contender in next year's Independent Athletic Conference.

ALUMNI

CONGRATULATIONS

and

Welcome Graduates

to the

ALUMNI ASSOCIATION

of

**NEW JERSEY INSTITUTE
OF TECHNOLOGY**

ASSOCIATION

The Alumni Association congratulates the NJIT Class of 1996 and it is proud to welcome you as our newest members. All of us are aware of the struggle and the effort that you have put into your college career, however, you will find that it was worth it.

We urge you to take advantage of our association activities in order to serve our **ALMA MATER** and its **ALUMNI**.

ALUMNI ASSOCIATION

New Jersey Institute of Technology
University Heights
Newark, New Jersey 07102

ALMA MATER

To Alma Mater fair and great
Our voices now we raise;
Our gratitude we demonstrate,
Her steady torch we praise.
Her challenge on us ever falls;
A world of knowledge calls.
In heart and mind
Our trust we'll bind
To our NJIT.
We'll hold her memory ever dear
Her spirit we'll revere.
To her we promise loyalty
Our own NJIT.
